This form is for the purpose of allowing County Assessors to determine the extent of assessment of manufacturers' raw materials, work-in-progress and finished goods inventories. The portion of the average value of these inventories sold in Arkansas are assessable. The contents of this form must be attested by the appropriate individual or corporate officer and are subject to audit and verification.

Instructions for Completion: Under Arkansas Law, the value of raw materials, work-in-progress, and finished goods inventories are assessed based on the annual average level from the year prior to the year of assessment. The cost basis for raw material value should reflect the sum acquisition cost, freight, overhead and any other costs necessary to bring the material to a condition of utility to the owner. The cost basis for work-in-progress should reflect the total cost of raw materials plus labor, machine time and any additional overhead or costs necessary to reflect its state as work-in-progress, The cost basis for finished goods should reflect the total cost of raw materials plus labor, machine time and any additional overhead or costs necessary to produce these finished goods. Please note that the LIFO and FIFO inventory cost basis are unacceptable, but The Weighted Average inventory cost basis is appropriate. All supplies which are not consumed are not considered raw materials are considered taxable in Arkansas.
